Places of Worship

Due to its fame and expertise in traditional work, NADIM is often engaged in manufacturing and installing projects in religious buildings.

Bishop's Seat - Egypt

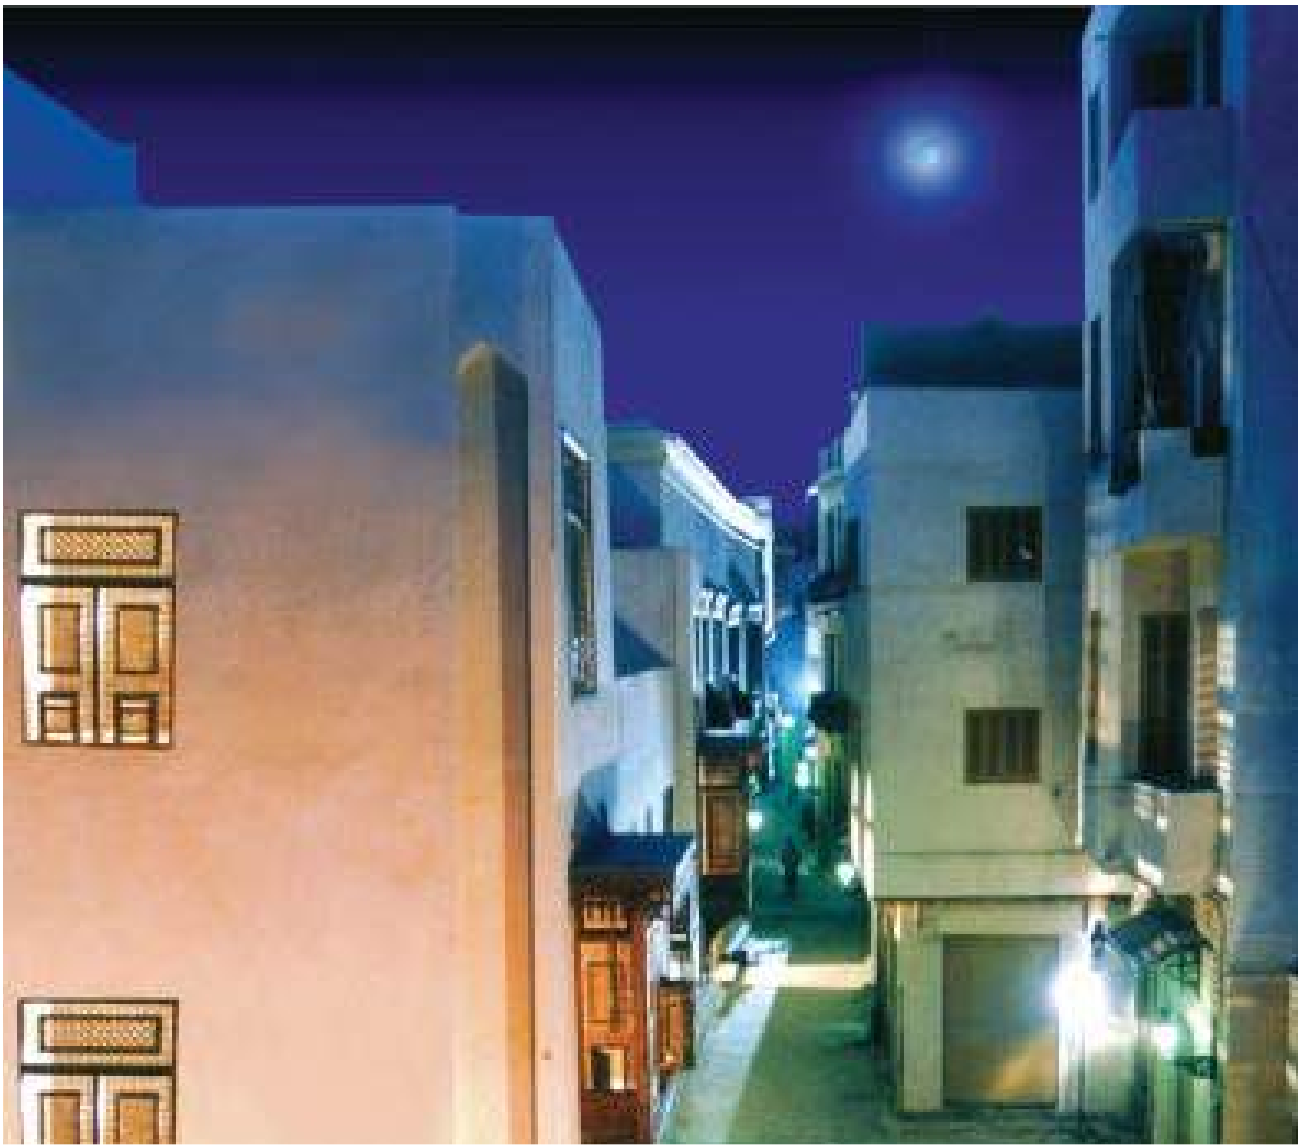

Al Salheya Mosque - Kuwait

Al Qassim Mosque - Saudi Arabia

Restoration

NADIM trained a new generation of craftsmen specialized in traditional arts, involved in the preservation and restoration of historical monuments.

NADIM has restored antique furniture and carpets for various private collectors and public organizations around the world.

A major restoration project was the management and execution of the fund raising, documentation, restoration, conservation, social study and reuse of the Bayt el Suhaymi area including 4 historic monuments dating from the 17th century and beyond. The six year project is considered a model restoration project spear heading the restoration of "Historic Cairo".

Bayt Al Suhaymi - Egypt

Private Residences

With over 35 years experience and a policy which ensures client satisfaction, NADIM's design team understand the detailed requirements of customers and are able to provide well considered advice in the form of layout design, general products and technical recommendation.

Showrooms

NADIM's main objective is to manipulate our cultural heritage to produce modern furniture lines, as well as more "practical" traditional styled furniture. We also produce furniture of various styles in high quality.

The company opened its first retail showroom in 2013, and with the success met from this expansion NADIM has opened another 1000 m² showroom in the summer of 2014 launching a new outdoor summer collection.
