

Nimos....

Nimos is a family-owned enterprise specializing in the Production and Export of Premium-Quality Fresh Fruits and Vegetables.

With 50 years of experience in agribusiness, we are successfully meeting a growing international demand for our Products while maintaining our commitment to excellence.

Our Fruits and Vegetables, grown in Egypt's bountiful soil and ripening under the Mediterranean sun, achieve their highest potential for Freshness, Colour and Rich Taste.

Using State-of-the-art Technology and Expertise, both in the Field and in the Packing house, we aim to provide a High-Quality Product. We guarantee this by offering Customized Pre-Packaging, Stringent Quality Control, and Complete Traceability.

Exporting our Table Grapes to the United Kingdom and Europe since the early 1990's, we have gained a Reputation for providing Fresh, Crisp Fruits, from our vines to the market shelves in less than 10 days.

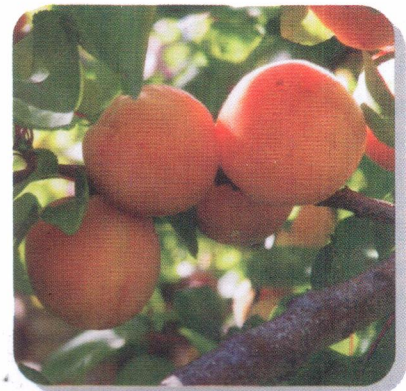

Since 2002, Nimos has annually received Global Gap Accreditation as well as Tesco's Nature's Choice Certification.
