Add glamour to your life...

There is something particularly glamorous about lighting up a room with a majestic crystal chandelier from Asfour Crystal.

Famous worldwide for their precision cuts, clarity and sparkle, Asfour Crystal is the largest producer of full-lead crystal in the world.

Established in 1961, Asfour Crystal has a deep-rooted history and continues to lead the industry in innovation and quality, lighting up rooms and lives with a degree of sophistication.

Asfour Crystal was established in the city of Cairo on an area of 2,200 square meters. The business started with manpower of 200 workers and simple tank kilns (ovens) were used as main production tools at the time.

Today, Asfour Crystal is the largest single manufacturer of full-cut lead crystal in the world, as well as one of the biggest chandelier manufacturers in MENA area, exporting its production to key international markets.

The company is based on an area that exceeds 1.2 million square meters and employs more than 20,000 highly selected consultants, technicians, administrators and workers. Asfour's highly skilled workers use the most sophisticated tools and techniques in the field.

The production capacity is up to more than 170 tons of crystal per day, making Asfour Crystal the leading international manufacturer of the finest quality of transparent and colored full lead crystal (more than 30% PbO.)
