Products: avian 48 Parentstock.

Broiler

Cobb Avian 48

Why Avian 48?

- 1 Because it is the production of Al-Kenana Poultry Company LLC with %100 Egyptian national capital.
- 2 - The highest quality standards for chicks produced.
- 3 - the most profitable for the breeders of mothers through the achievement of distinct performance of mothers in terms of the number of eggs for breeding, the highest rates Fertilization and hatching throughout the cycle, the most number of productive chicks / mother of machete.
- 4 - the most profitable for the breeders through the highest weights and the best conversion coefficient and the highest proportion of meat at the lowest cost.

Breeder

Cobb Avian 48

Strong broiler growth

Extensive trials and commercial results in both North and South America as well as Europe show the ability of the Cobb Avian 48 to achieve strong broiler growth, feed conversion, and livability numbers. The broiler readily responds to various management programs and a wide range of diet specifications. These performance traits, coupled with the hardiness of the Cobb Avian 48, make it a breed well suited to whole bird markets as well as eight or nine piece cut up markets.

السبيل ELSABEEL
