INTRODUCTION :

United Food Industries (UFI) is one company among other companies owned by El Marghany Group.

UFI was founded in 2003 as a joint stock company to produce pasta products. The first brand was introduced to the Egyptian market in 2004 under the name "Bianco", which is produced of the highest quality of durum wheat semolina. In 2005, another brand, "Romeo" was introduced to the Egyptian market, which is made of the finest quality of flour 72%, to meet different market segments needs.

The company's main objective is to deliver the most healthy and tasty pasta in the Egyptian market. Hence, the factory is equipped with modern Italian equipment and quality control lab to ensure quality and superb hygiene standards at all levels of the production process.

WORD *of* CHAIRMAN

Welcome to the tasteful world of Bianco pasta. Bianco is producing high quality products and aims to offer healthy, tasty, and innovative products.

The taste is both Egyptian and international. Bianco products taste superior to other local brands that do not have the same high quality semolina base.

Since Bianco's launch in 2004, the brand has witnessed great success in Egypt and we successfully managed to export to countries like Kenya, Palestine, Morocco, Zimbabwe, Saudi Arabia and Uganda, and looking forward to cover Gulf and other African countries.
