## About Us

**BRIGHT STAR HERBS** is a leading Egyptian company specialized in Growing, producing, and Exporting dried herbs and spices to all over the world. As a result of being the fourth generation in this field we have been distinguished by our high quality of herbs and spices which are the outcome of comprehensive chain procedures applied in cultivation, harvesting, natural drying and processing. We cultivate most of our products and this gives us the chance to fully control and apply high quality cultivation programs. Fresh goods are dried naturally in our drying locations preserving their entities. The dried raw materials then go through the assigned processing procedures in the production location according to our clients' quality specifications. Goods are then prepared in our warehouse for dispatching.

### Mission

We Support our customers with high quality products and modern production technology, show them maximum service and our flexibility and do our best to approve their needs, The quality and safety of our products are the forefront of our major efforts.

### Goals

We aim to impress the raw materials we deal with without compromising quality and service. We want to be nationwide, alternative in the herbs and spices sector
